Subject: Surface sediment sampling activities on 3/29

Ken,

I am writing to approve Pre-RD Group /AECOM's revised Surface Sediment FSP as submitted on March 29. Please note that this approval will allow the Pre-RD group/AECOM, and its contractors to perform Surface Sediment sampling activities in the Portland Harbor Superfund Site starting on March 30. This approval is limited to activities as described in your Field Sampling Plans and your health and safety plan for surface sediment collection, any other activities beyond the scope of your FSP and HASP are not covered.

Thanks,
